

## Associate of Science Degree Law Enforcement Major

### Purpose

The purpose of Associate of Science degree in law enforcement is to prepare men and women for entry-level employment in criminal justice careers to protect the freedoms we enjoy. Students will be exposed to practical skills utilized in the field of law enforcement.

Requirements in this program may be applied to the Bachelor of Science degree in Criminal Justice upon completion of the program. Students interested in higher entry-level or management positions are encouraged to complete the bachelor's degree program.

### Objectives

Upon completion of this degree the student should be able to:

- Articulate a biblically based philosophy of law enforcement
- Demonstrate appropriate written communication skills
- Identify and apply foundational concepts applicable to law enforcement
- Apply theory to practical areas of law enforcement
- Understand and articulate the role of the law enforcement professional within government
