

Submitting a Paper as a Student

To submit a paper to an assignment on Turnitin, you must log in and upload a file to an existing assignment. Assignments on Turnitin cannot accept student submissions until the assignment start date and time has passed. Assignments may also reject submissions after the due date and time set by the instructor.

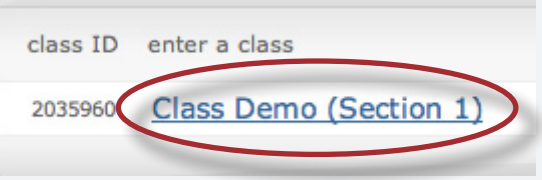

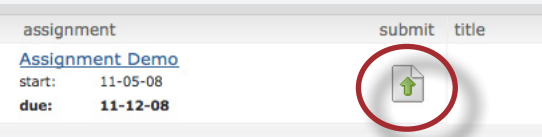

To view class assignments, click on the class name you would like to view. This will open up the class portfolio page that lists assignments created by the instructor for students to submit to.

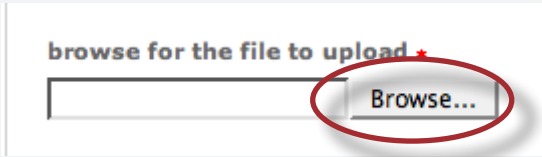

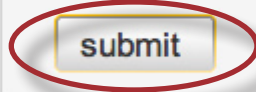

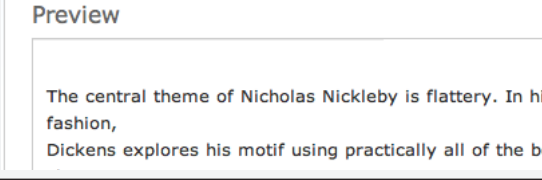

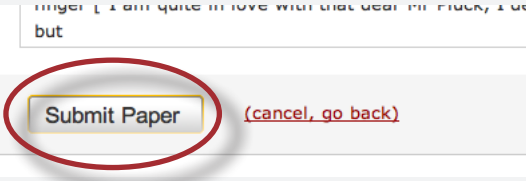

All the assignments your instructor has created will be listed with the start date and due date displayed underneath the assignment's name. To submit a paper to an assignment click on the submit icon.

The submit paper screen will open. Students have two options for submitting papers: *file upload* or *cut & paste*. The default is file upload. Turnitin currently accepts document files of the following types: MS Word, WordPerfect, PostScript, PDF, HTML, RTF, and plain text. File size limit: 10 MB. If you use a word processor that is not listed above use the cut & paste option to submit your paper.
